Sherwin-Williams	488 State Route 3, Plattsburgh	518-561-1590

Please call ahead to confirm business hours and ask if they can accept the type and amount of paint you would like to recycle.

Accepted Materials

All PaintCare sites accept up to 5 gallons per visit (some may take more). PaintCare sites accept house paint as well as primers, stains, sealers, and clear coatings such as shellac and varnish. Accepted products, also referred to as “PaintCare products” and “architectural coatings,” are the same ones that carry the PaintCare fee when purchased. To be accepted for drop-off, PaintCare products must be in their original containers of no larger than 5 gallons in size, must have the original manufacturer’s printed label on the container, and must be covered with a secured lid.

Prohibited Materials

PaintCare sites do not accept aerosol coatings, solvents, and products designed and labeled to be used for industrial or non-architectural use. Sites will not accept leaking or unlabeled containers.
