2012

**BUDGET**

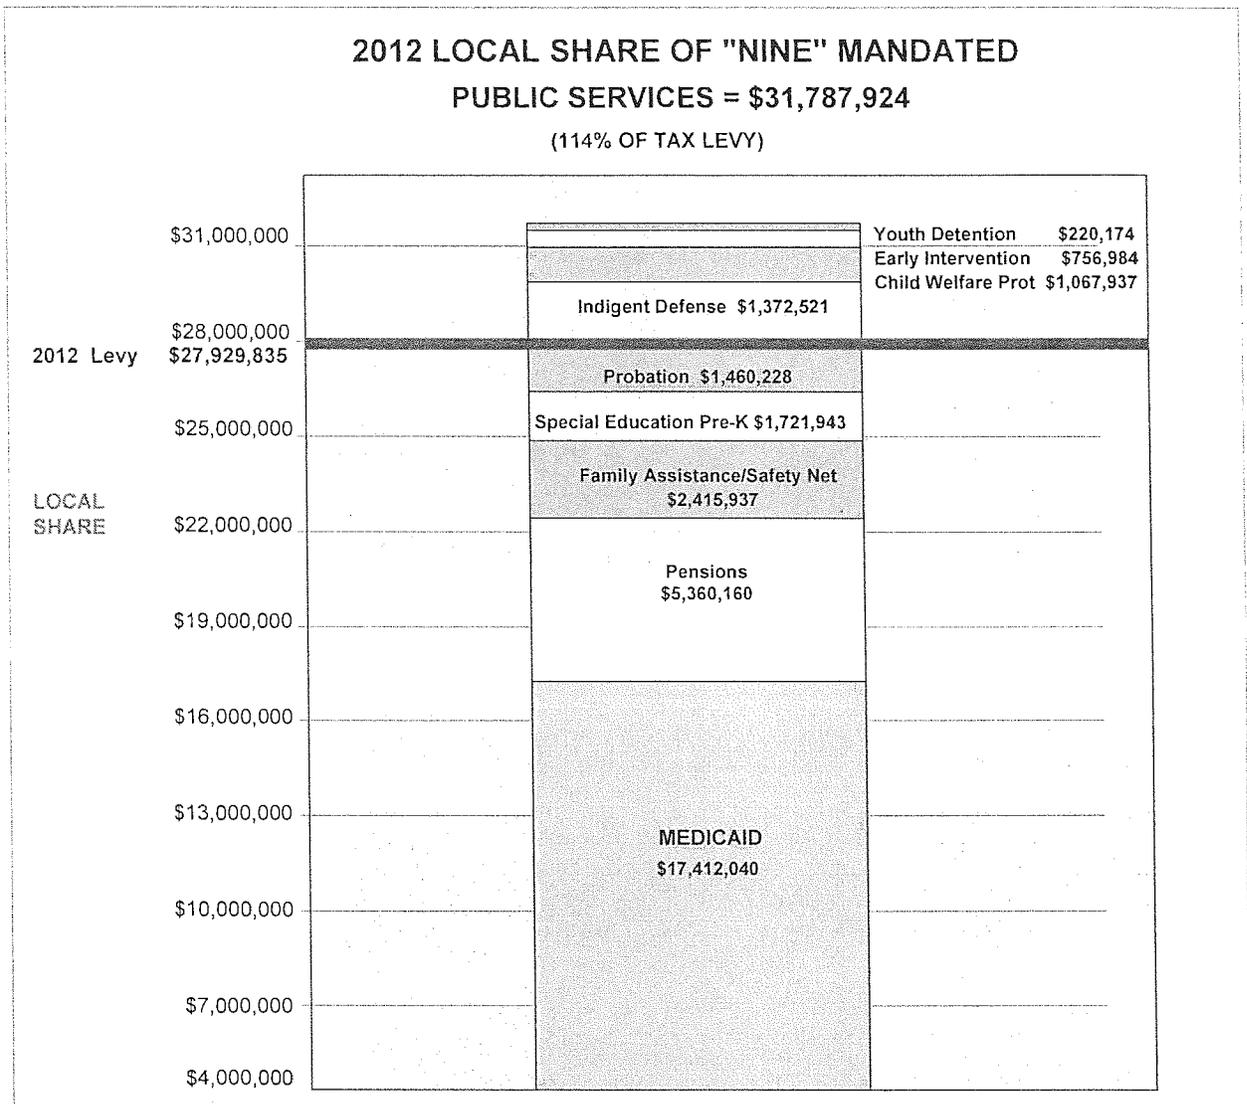

**MESSAGE**

Honorable Members of the Clinton County Legislature:

As is the normal practice, the 2012 budget process began in early August when budget forms were distributed to County Department Heads. Upon their submission to the Legislative Office, these budgets were audited for accuracy. Together with my accounting staff, I then reviewed all submissions and consulted with various Department Heads and/or their fiscal staff prior to making the recommendations presented herein. To this end, I would like to take this opportunity to publicly recognize Jean Rascoe, Legislative Office Accountant, for her diligent efforts. This document could not be prepared without her guidance and assistance. I would also like to extend my gratitude to the Treasurer and his staff for their counsel and revenue projections. Further, as always, it is incumbent upon me to thank County Department Heads for their willingness to discuss their respective budgets in a professional manner and accept the difficult decisions that I felt were necessary to formulate this spending plan.

As you are aware, on June 24, 2011 Governor Cuomo signed the property tax cap into law as Chapter 97 of 2011 and this law applies to municipal budgets with fiscal years beginning in 2012. In last year's budget message, I opined that although everyone agrees that capping taxes is a good thing, any tax cap MUST be accompanied by mandate relief and that Albany must find a way to reconcile any tax cap with ways to pay for New York State services that

counties are required by law to fund! I regret to inform you that the tax cap legislation included little or no meaningful mandate relief and the Legislature and Governor have yet to reduce the escalating burden that New York State places on county governments. As such, the environment in which we must operate and budget has changed considerably. To illustrate this dilemma, I have included the following chart which demonstrates how only nine of a myriad of New York State mandates consume the County's tax levy.

To this end, the Clinton County Legislature, together with all county governments and the New York State Association of Counties must continue to strongly advocate for passage of

Senate Bill 5889-B and Assembly Bill 8644. This bi-partisan legislation calls for New York State policymakers to take full fiscal responsibility for New York’s Medicaid Program by implementing an 8-year gradual New York State takeover of county Medicaid costs. This action would not only guarantee lower property taxes, but would also enhance Clinton County’s economic competitiveness and improve economic opportunities for all New Yorkers.

That being said, as the County Legislature not only expressed its desire to comply with the tax cap, but also directed me to recommend a budget that would not require an override, the process of preparing this budget has proved to be the most challenging. I am pleased to report, however, that the County Legislature’s directive has been met and this budget is in full compliance with the tax cap. In fact, although the tax levy increased, the budget includes a tax levy of \$27,929,835; an amount that is **2.1 percent below** the allowable limit under the property tax cap. This was possible first and foremost because the County Legislature has displayed fiscal constraint and prudent budgeting in the past. Further, there has been a concerted effort from both management and the labor force to work within the constraints of fiscal uncertainty. The following table shows the allowable limit calculation.

<b>Tax Cap Calculation - 2012</b>		
	<b>Tax Levy FYE 1/1/11</b>	\$ 27,303,963
multiply	Tax Base Growth Factor	<u>1.0138</u>
	<b>2011 Levy x Tax Base Growth Factor</b>	27,680,758
add	PILOTS Receivable 12/31/11	<u>678,831</u>
	<b>Total</b>	28,359,589
multiply	Allowable Levy Growth Factor	<u>1.02</u>
	<b>Total x Allowable Levy Growth Factor</b>	28,926,780
deduct	PILOTS Receivable 12/31/12	<u>(625,517)</u>
	<b>Total Levy Limit Before Retirement Adjustment</b>	28,301,263
add	Add NYS Retirement exclusion	<u>223,044</u>
	<b>2012 Tax Levy Limit</b>	<b>\$ 28,524,307</b>

So, what are the rising costs that resulted in the tax levy? As a veteran Legislature, many of them will sound familiar. The obvious culprits, of course, are salaries and associated fringes which include contributions to the New York State's retirement systems, health insurance premiums, FICA, workers' compensation and unemployment. These items alone represent a net cost to the County of \$46.8 million and account for a net increase over 2011 of \$4.8 million. This is no surprise, as personnel are the single largest driving cost of all municipal budgets. As such, we have taken steps to address the issue. This budget contains 1 layoff due to the loss of state funding and includes 22 less full-time equivalents than were budgeted for in 2011, all of which were attained through attrition. This figure will be adjusted upon the finalization of the sale of the Certified Home Health Care and Long Term Home Health Care program licenses. Further, we continue to thoroughly review all backfill requests to ensure that only the most necessary positions are filled.

This budget also includes several other expenditures that necessitate highlighting. The first of these is the airport budget. The Plattsburgh International Airport continues to grow. The airport offers jet service to five Florida destinations as well as to Myrtle Beach, South Carolina via Allegiant Airlines, DirectAir and Spirit Airlines. Spirit's service also provides access to markets throughout the Caribbean and Central and South America. Further, although Colgan Air has announced its intention to no longer be our Essential Air Service provider, the Federal Department of Transportation will soon begin the process of soliciting a replacement. This will continue to ensure enhanced passenger opportunities for travelers throughout the country. Enplanements during 2011 have exceeded expectations and are planned to surpass 140,000. There is no doubt, however, that operating an airport remains an expensive venture; especially

one of this size and one with aged industrial facilities and infrastructure. Additionally, growth and expansion come at a cost. As such, we must continue to seek revenue enhancements, such as an ongoing analysis of parking fees, as well as new tenant opportunities on the industrial side of the operation, to offset rising expenses. As this budget is accounted for through an enterprise fund, the general fund transfer to Plattsburgh International Airport is \$1,459,666 for 2012. It is worth noting that this transfer is a decrease of \$955,638 from 2011 mainly due to the budgeting of a full year of parking revenue. Regardless, this is a welcomed dynamic.

Next, there are the Sheriff's Department budgets. The jail has operated smoothly in recent years. The Sheriff and his staff have done a good job working with the Commission on Corrections, the Deputy Sheriff and Correction Officer labor units and other law enforcement agencies. The department also remains very active in and continues to provide much of the security at the airport. However, this remains a large department whose costs seem to rise every year. In 2012 the Sheriff's Department budgets are slated to have a net effect on the tax levy of \$413,194 or 4.4 percent over 2011. Additionally, the County is awaiting a decision in the binding arbitration with the Deputy Sheriff unit for the years 2008 and 2009 which could result in costs over and above this year's budgeted amount. As we struggle with the tax cap going forward, it is worth mentioning that the road patrol is a non-mandated service.

As I made clear earlier in this message, Medicaid continues to be the largest New York State mandate placed upon Clinton County. In fact, in 2012, Medicaid alone will consume 62 percent of the tax levy. In 2012, the net cost of Medicaid to Clinton County taxpayers is \$17,412,040 or an increase of \$429,048 over 2011. This number will continue to rise year after

year unless New York State law is amended to lesson this monumental burden on county taxpayers. To reiterate, S.5889-B and A.8644 must be passed, or at the very least be used as a template to solve this problem. It should be noted that including the automatic increase of \$429,048 in MMIS expense as well as the loss of Federal Medicaid Assistance Percentage revenue of \$840,000, the actual increase to the tax levy for the entire Social Services budget is only \$353,615 and is a credit to this Department.

Next, there are the Health Department budgets. As one of the County's largest departments, this budget is substantial. As you are aware, we have taken steps to reduce the impact of this budget on the taxpayer. With the Legislature's decision to sell both the Certified Home Health Agency (CHHA) and Long Term Home Health Care Program operating certificates to HCR, it is anticipated that the County will see a considerable amount of savings in the future. However, as the process to transfer the licenses is quite extensive, we will not likely see the resultant efficiencies in 2012. As such, this budget includes an increase of \$659,281 over 2011 to operate these programs. Combined with the remainder of the Health Department budgets, the increase over 2011 is \$1,120,442 or 21.2 percent.

Finally, I would like to make mention of the Mental Health Department budgets. Although the Director runs a good operation and this department provides an important service to the citizens of Clinton County, this budget submission is unsettling. In years' past, revenues for this department actually outpaced expenses. However, that trend has shifted dramatically mainly due to a decrease in Medicare/Medicaid reimbursement and inefficiencies in the units of work being provided by some clinicians. This department is slated to cost Clinton County

\$526,772 in 2012. To this end, I have asked the Director of Community Services to analyze all options to both reduce costs and increase revenue. As this is also a non-mandated service, I will continue to monitor its cost/benefit going forward.

As detailed in his budget memorandum, the County Treasurer has recommended several offsets to the 2012 budget. The largest of course is sales tax revenue. An analysis of sales tax receipts from 2011 indicates that Clinton County will exceed its budgeted projection. This is obviously welcomed news, as we did not meet projections in either 2009 or 2010. Based on this information, together with a local market analysis and a strong Canadian dollar, it is with cautious optimism that the Treasurer is projecting total sales tax revenue at \$48,000,000 for 2012; an increase of \$800,000. Using this projection, Clinton County would receive \$20,690,000 based on existing distribution formulas and \$12,000,000 from the additional 1 percent for a total of \$32,690,000; an increase of \$590,000. The Treasurer's memorandum also includes a \$1,800,000 transfer from the Tax Stabilization Fund that was created last year. You will recall this fund was created when money that would have otherwise been used to offset the budget, except for Federal Medicaid Assistance Percentage (FMAP), was placed in an account to offset budgets into the future. Another revenue offset that should be mentioned is the all important general fund's unreserved fund balance. This budget includes an unreserved fund balance contribution of \$2,000,000; the same amount as in 2011. This is a reasonable number that does not jeopardize the stability of the County's fiscal position and allows the fund balance to remain well within the Comptroller's recommendation.

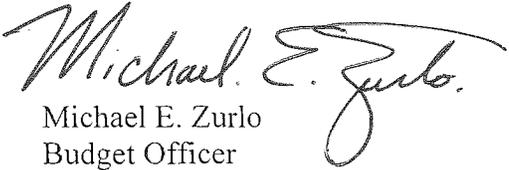

Total appropriations submitted in the initial 2012 budget requests were \$166.6 million and were offset by revenues in the amount of \$133 million. Approval at the level originally requested would have resulted in a tax levy of \$33.6 million; a \$6.3 million increase or a staggering 23 percent over the 2011 tax levy. Further this would have exceeded the tax cap by over \$5 million or 17.7 percent. The resulting gross tax rate at the requested level would have been \$7.27 per \$1,000 of assessed value compared to the 2011 level of \$5.96 per \$1,000. The difference of \$1.31 would have resulted in a tax rate increase of a 22 percent and would have necessitated a local law overriding the tax cap. These numbers were simply unacceptable and not in line with the Legislature's directive to me to stay within the tax cap.

Therefore, after thoroughly reviewing each departmental budget request, examining revenue projections and working with the County Treasurer to identify further offsets from fund balances and reserves, several actions were taken to significantly enhance the 2012 budget picture. The 2012 County Budget contains total appropriations of \$157.8 million and revenues of \$129.8 million. The resulting gross tax rate now stands at \$6.05 per \$1,000 of assessed value. This compares to the 2011 gross tax rate of \$5.96 and results in an increase of 1.5 percent. **Further, as mentioned earlier, the levy stands at \$27,929,835 which is \$594,473 or 2.1 percent below the allowable tax cap amount.**

Formulating a spending plan as we continue to deal with an uncertain economic environment, coupled with the fact that New York State continues to ask us to carry out their initiatives, gives us less money to do so and now has even seen fit to limit our ability to pay for their programs, is becoming increasingly demanding. Although we met the tax cap this year, the

calculus behind it is simply not sustainable unless we see mandate relief. This may seem trite to some, but it is not an overstatement. We cannot continue to slash operating budgets, as there is little remaining to cut. We cannot close multi-million dollar budget gaps by reducing office supplies and travel line items. Further, as time passes, we will not have the luxury of healthy revenue offsets from fund balances and reserves. That being said, this budget does provide for the delivery of essential services, protects our citizenry and does not overburden taxpayers.

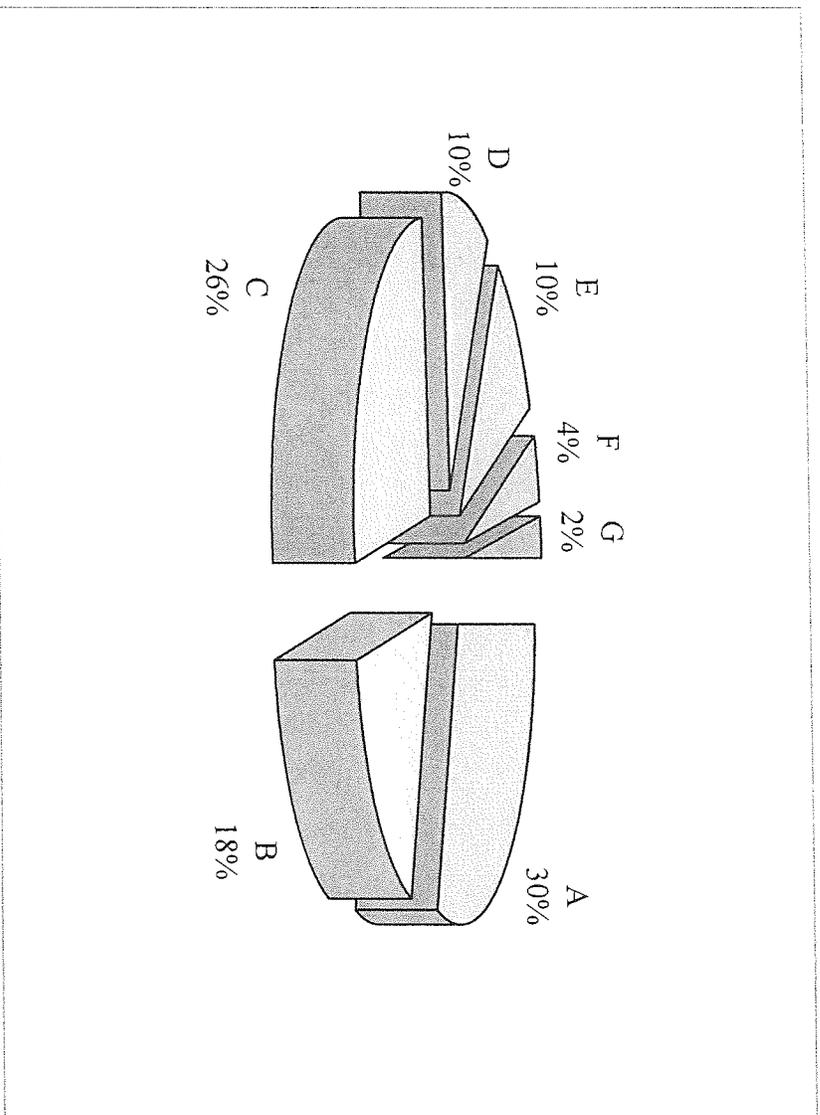

Respectfully,

A handwritten signature in black ink that reads "Michael E. Zurlo". The signature is fluid and cursive, with a large, sweeping flourish at the end of the word "Zurlo".

Michael E. Zurlo  
Budget Officer  
December 21, 2011
