Local Law No. 2 of the year 19⁹⁷

A local law Reapportionment of Clinton County Legislative
(Insert Title)
Districts

Be it enacted by the Legislature of the
(Name of Legislative Body)

County
~~CITY~~ of Clinton as follows:
~~TOWN~~
~~VILLAGE~~

BE IT ENACTED, by the Legislature of the County of Clinton as follows:

SECTION 1. NUMBER OF LEGISLATORS

The Legislature shall consist of ten (10) members, chosen from the districts described within and apportioned among the County on the basis of the number of inhabitants of the County of Clinton in the year 1990 as set forth in this Law.

SECTION 2. NUMBER OF LEGISLATIVE DISTRICTS

There shall be ten (10) legislative districts apportioned among the County of Clinton, which are described hereafter.

(If additional space is needed, attach pages the same size as this sheet, and number each.)

SECTION 3. CONSTRUCTION

A. This law shall be liberally construed to effectuate the purposes thereof and to apportion and district the County of Clinton in compliance with the requirements of law.

B. It is intended that this law and the districts described herein completely encompass all the area within the County of Clinton. It is also intended that such districts, apportioned on the basis of the 1990 population, contain all the inhabitants of this County except for the institutional inmate populations of the Clinton, Lyon Mountain and Altona Correctional Facilities; and the former population residing on the Plattsburgh Air Force Base. It is further intended that the apportionment and districting provided for in this law result in the creation of districts which are substantially equal in population. It is also intended that no district shall include any of the area included within the description of any other district.

SECTION 4. SAVING CLAUSE

If the districts described in this law do not carry out the purposes thereof because of unintentional omission; duplications, overlapping areas; erroneous nomenclature; lack of adequate maps or descriptions of political subdivisions, wards, or other divisions thereof, or of their boundary lines; street closings, changes of names of streets, or other changes of public places; alteration of the boundary of or courses of waterways; filling in of lands underwater; accretion or other changes in shorelines; or alteration of courses, rights-of-way, or lines of public utilities or other conditions, then the Clinton County Board of Elections, at the request of any person aggrieved thereby or any candidate affected thereby, shall, by order, correct such omissions, overlaps, erroneous nomenclature, or other defects in description of districts so as to accomplish the purposes and objectives of this Law.

ATTACHMENT D

EXPLANATION OF ALLOCATION OF POPULATION FOR LEGISLATIVE DISTRICTS

Reapportionment of Clinton County Legislative Districts is based on the 1990 U.S. Bureau of Census population figures for the municipalities of Clinton County, less the combined institutional population of Clinton, Lyon Mountain, and Altona Correctional Facilities (3,569 persons); and less the population of the former Plattsburgh Air Force Base (6,689 persons), which closed in 1995. Therefore, the population utilized for purposes of redistricting as presented in this Local Law is determined as follows:

Total 1990 Population of Clinton County:	85,969
minus population of Correctional Facilities	-3,569
minus population of Plattsburgh Air Force Base	<u>-6,689</u>
Population for Redistricting	75,711

In apportioning the Clinton County population of 75,711 equally among the ten (10) legislative districts, the average population for each district (7,571) was determined by dividing the total population (75,711) by the number of legislative districts in the County (10).

In order to achieve "substantially equal weight" for all the voters of the County, each legislative district was allowed a population variation of no more than five (5) percent of the average population for each district, as follows:

Five percent of the average population for each district = $7,571 \times .05 = 378.55$
(Since a portion of a person is not practicable, the number is rounded up to

379.

To determine the lower limit for a 5% deviation from average, 379 is subtracted from the average population for each district: $7,571 - 379 = 7,192$

To determine the upper limit for a 5% deviation from average, 379 is added to the average population for each district: $7,571 + 379 = 7,950$

Therefore, each legislative district shall contain a population between 7,192 and 7,950 in order to be within 5% of the average population for each district.
