By submitting this application, I understand that I am requesting to place my property within a NYS certified Agricultural District, and the property may not be removed from the district, even if subdivided or combined with other property, until the next 8 year review of the Agricultural District (to be completed in 2031). I also understand that this is not a request for an agricultural assessment, which is accomplished only through request by the local tax assessor's office. I understand that this request is subject to approval by the Clinton County Agricultural and Farmland Protection Board and the Clinton County Legislature, and certification by the NYS Department of Agriculture and Markets.
