Subject: Appointment of Independent Jail Monitor

In July 2025, the Clinton County Sheriff's office entered an agreement with the New York State Office of the Attorney General to ensure continued compliance with the Prison Rape Elimination Act and the New York State workplace sexual harassment policies at the Clinton County Jail.

As part of this agreement, Leandro Diaz, of Jail Solutions LLC, has been selected to serve as the independent jail monitor. Mr. Diaz is a retired Deputy Commissioner and former PREA Coordinator for the Westchester County Department of Correction and is a Department of Justice-Certified PREA Auditor with extensive experience in correctional administration, compliance oversight, and PREA implementation.

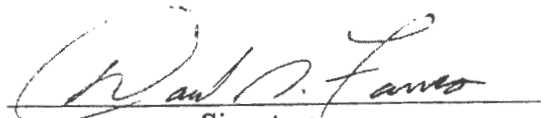

In his role as jail monitor, Mr. Diaz will conduct periodic reviews of policies, procedures, training curriculum, and operational practices to assess compliance with the terms of the agreement. Monitoring activities will include site visits, document review, and discussions with staff and incarcerated individuals.

The CCSO encourages cooperation and professionalism from all staff during this process. This exercise is intended to support transparency, accountability, and continued improvement in maintaining a safe and professional correctional environment.
