

Earlier today Sheriff Favro met with the family of Margo Diaz at the Sheriff's Office. During this meeting with the family, basic questions were answered. We are now releasing the cause of death as reported by Dr D. Bell Medical Examiner as, natural causes, Bacterial Endocarditis of the tricuspid valve.

Attached are the booking photos that were FOILED as well.

The Clinton County Sheriff's Office's investigation remains active. The New York State Attorney General's Office continues their investigation concurrently.
